

PADI Kids Courses

From 8 – 18 there is something for everyone!

Ocean Turtle Diving are pleased to offer a full range of courses for children from the age of 8. Whether it's an introduction to the underwater world, the completion of underwater aqua missions or junior versions of the more traditional PADI courses, we cater for all!

We can offer the following

- **PADI Courses** – run in small groups and led by our PADI professionals
 - **Bubblemaker** (try dive) age 8+
 - **Seal Team** (aqua missions) age 8+
 - **Junior Open Water** (full diver training) age 10+
- **Birthday Parties** – throw a different kind of event and explore the underwater world
- **Youth Club Trips** – including cubs and guides, we can offer a fun and interesting evening teaching about our ocean planet and conservation
- **Academic Credit** – scuba diving now counts towards GCSE PE so talk to your children's school about including this in their curriculum

There is so much that scuba diving can teach us whilst having fun and making new friends. You never know, you could be raising the next Jaques Cousteau!

Please talk to one of our friendly members of staff who are all PADI professionals to discuss how your children can begin their diving journey with us today!!

It's your life, dive it well!
